Aren't you going to be at Va Crossings for PMI meeting? I see you're on the Oct. 8 agenda at 3:45 for clinical studies/biomarkers.

We would like to schedule a time to meet by phone for 1 hour on Tuesday October 8. The objective is to determine the path forward for finalizing the scientific information to be included in the Accord adult smoker communications pieces for launch of JLI.

Please send your availabilities to Rose and copy me. Rose will let us know the time and the dial-in number. Thank you!
